

# MUSKAN YADAV

## COMPUTER SCIENCE STUDENT

Lucknow | ymuskan3218@gmail.com | 9696385261

### CAREER OBJECTIVE

Quick-learning and passionate web development enthusiast, aiming to contribute to impactful software projects. Looking for internship opportunities to expand my development experience while solving real-world problems with elegant and efficient code.

### TECHNICAL SKILLS

**Languages:** C++, Python, Javascript

**Web Technologies:** HTML5, CSS3, React, TailwindCSS

**Tools:** Git, Github

**Soft Skills:** Quick learner, Team-oriented, Problem Solver

### PROJECTS

#### Blog Posting Website:

- Built a full-stack blog posting website using React.js, TailwindCSS, and TinyMCE for rich text editing and clean UI/UX.
- Integrated Appwrite for user authentication, blog data storage and backend services like sign-up, login and post management.
- Designed a responsive interface allowing user to create, view and manage blogs; currently expanding backend logic and feature set.

#### Currency Converter:

- Designed a currency converter using React.js and TailwindCSS.
- Real time conversion using exchange rate APIs.

### EDUCATION

**B.Tech in Computer Science** (2023-2027)

RR Group of Institutions, Lucknow
