EDUCATION

B.Tech in Computer Science (2023–2027)
RR Group of Institutions (AKTU)

TECHNICAL STRENGTHS

- Attention to UI detail
- Clean code and component architecture
- Quick learner
- Problem-solving mindset

SKILLS

- **Frontend:** React, Next.js, JavaScript (ES6+), TypeScript
- **Styling:** Tailwind CSS, CSS3, Responsive Design
- **Tools:** Git, GitHub, VS Code, Vite
- **Design:** Figma
- **Other:** REST APIs (if applicable)

PROFESSIONAL SUMMARY

Frontend Developer skilled in React, JavaScript, and modern UI design. Experienced in building responsive, animation-rich interfaces with clean, reusable code. Passionate about delivering user-centric experiences and continuously improving through real-world projects and DSA practice.

PROJECTS

PORTFOLIO WEBSITE

- **Live**: portfolio-self-nu-20.vercel.app
- **Github**: **https://github.com/nezumi3218/Portfolio**
- Built with React + Framer Motion and deployed on Vercel. Designed reusable components and smooth page transitions to enhance interactivity.

BLOG POSTING WEBSITE

- **Live**: blog-posting-seven.vercel.app
- **Github**: **https://github.com/nezumi3218/ReactJs/tree/main/BlogPosting**
- Created a dynamic blog system with add/view functionalities using Vite + React. Implemented responsive layouts with optimized rendering for better user experience.

ACHIEVEMENTS

▼ College level coding competition winner

Won the First runner up award for Codeathon 2025.

▼ Leetcode badges

Got the 50+ and 100+ days milestone badges on leetcode and solved 100+ questions.
